

CPI Final Amends to Codes

Proposed code or area of interest	REASON	New Title	Original Title (only include if scope notes are to be changed)	New Scope Notes	Original Scope Notes (only include if scope notes are to be changed)
Section B FARMDOC					
B05 Miscellaneous					
B05-A04	Change Title	Radioactive elements and specific isotopes	Radioactive elements		
Section C AGDOC					
C05 Miscellaneous					
C05-A04	Change Title	Radioactive elements and specific isotopes	Radioactive elements		
Section H Petroleum					
H05 Refinery Engineering					
H01-B05	Change Scope			Including electric, explosive, thermal and hydraulic, also includes undreamer assemblies	
H07 Lubricants and Lubrication					
H07-A02	Change scope		Oxygen-containing lubricants - general	Includes (Poly)ethers	
Section L Glass, Ceramics, Electro(in)organics					
L03 Electro(in)organics					
L03-G04B2	Change Scope			For dynamic e.g. phase change optical disk memory using e.g. GeSbTe alloys. See also T03-B01B5G	none
L03-G09	Change Scope			For materials used in specific applications not catered for elsewhere, e.g. GeSbTe for solid state phase change memory, in which case also apply L04-E15. See U14-A03H and U12-B02.	For materials used in specific applications not catered for elsewhere.
